

Application for REGISTRATION/APPROVAL under the EU Feed Hygiene Regulation

Regulation (EC) 1831/2003 – Feed Approval and Registration activities (as amended)
 The Feed (Hygiene and Enforcement) Regulations (Northern Ireland) 2005 (as amended)
 The Animal Feed Regulations (Northern Ireland) 2010

Office use only:

GBNI/
or
αGBNI/

To: Department of Agriculture and Rural Development

1 - Details	
(a) Premises where activity is undertaken Company/Business/Trading Name	(b) Applicant details
Address:	Address, if different from (a):
Postcode:	Postcode:
Tel. No: Fax No:	Tel. No: Fax No:
Email:	
Website:	DARD Business ID: (if available)

References to “manufacture and/or placing on the market” refer to activities that take place on (a) premises that both manufacture and place such products on the market (sell) and (b) premises that do not manufacture but buy and sell products. A full list of authorised feed additives and their authorising Regulations can be found on the EU Register of feed additives, which is available at http://ec.europa.eu/food/food/animalnutrition/feedadditives/index_en.htm

2 - Types of Activities for which <u>Registration</u> is requested		Examples of feed business establishments likely to carry out this activity ¹	Please tick all relevant boxes
R1	Manufacture and/or placing on the market of feed additives (other than those subject to approval). This includes preservatives, emulsifiers, stabilisers, thickeners, gelling agents, binders, anticaking agents, acidity regulators, antioxidants (not subject to a maximum permitted level), silage agents, denaturants, substances to control radionuclide contamination, colourants (except carotenoids and xanthophylls).	Feed additive manufacturers producing technological or sensory additives Businesses selling (but not manufacturing) technological or sensory additives.	<input type="checkbox"/> Manufacture <input type="checkbox"/> Selling only
R2	Manufacture and/or placing on the market of premixtures (other than those subject to approval). This includes premixtures containing any feed additive excluding vitamins A and D and copper and selenium.	Feed businesses producing or selling premixtures, other than those containing vitamins A and D, copper and selenium. Businesses selling (and not manufacturing) such premixtures.	<input type="checkbox"/> Manufacture <input type="checkbox"/> Selling only
R3	Manufacture and/or placing on the market of bioproteins not subject to approval. This includes ammonium salts and certain killed yeasts cultivated on substrates of animal/vegetable origin.	Businesses which both manufacture and sell such products; and businesses which do not manufacture but buy and sell such products.	<input type="checkbox"/> Manufacture <input type="checkbox"/> Selling only

2 cont'd – Types of Activities for which Registration is requested		Examples of feed business establishments likely to carry out this activity ¹	Please tick all relevant boxes
R4	Manufacture of compound feedingstuffs (other than those subject to approval). This includes the manufacture (and placing on the market) of complete and complementary feeds, with or without additives.	Businesses manufacturing complete and complementary feeds with or without additives.	<input type="checkbox"/>
R5	Placing on the market of compound feeds.	Establishments engaged in the buying and selling of compound feeds but not manufacturing such feeds. This includes businesses which do not physically hold any feeds (eg importers).	<input type="checkbox"/>
R6	Manufacture of pet foods. Manufacture of complete and complementary feeds with or without additives.	Pet food manufacturing businesses which manufacture complete and complementary feeds with or without additives	<input type="checkbox"/>
R7	Manufacture and/or placing on the market of feed materials. Feed materials are products which can be fed singly to animals or used as ingredients of compound feeds.	Businesses which produce or manufacture single ingredient materials (e.g. cereal or cereal based products, oils and fats) for animal feed use. Food manufacturers and branches of supermarkets involved in the transfer of surplus foodstuffs (e.g. out-of-date bakery products) into the feed chain. <i>NB: this category does not include brewers, distillers and food manufacturers selling co-products into the feed chain -- see activity code R12.</i>	<input type="checkbox"/>
R8	Transport of feed and feed products. NB: Transport of feed and feed products by manufacturers own vehicles are covered by the approval/registration of the manufacturer's premises.	Premises of businesses that transport feed materials, compound feed, feed additives and premixtures.	<input type="checkbox"/>
R9	Storage of feed and feed products. Only covers premises not covered by another approval/registration activity relating to the manufacture or placing on the market of the products in question. It excludes storage facilities at a manufacturer's or transporter's premises.	Feed storage premises.	<input type="checkbox"/>
R10 (Farms)	Mixing feeds, on farms, with additives and premixtures (except silage agents).	Farmers who buy-in additives and premixture products (i.e. not contained in a compound feed) and mix them with feeds (forage, silage, haylage, cereals etc). Additives and premixture may include vitamins, trace elements (e.g. copper, zinc) and preservatives (e.g. propionic acid).	<input type="checkbox"/>
R11 (Farms)	Mixing feeds, on farms, with compound feedingstuffs which contain additives.	Farmers who mix their own feeds on-farm using bought-in compound feeds that contain additives such as vitamins, trace elements etc.	<input type="checkbox"/>
R12	Food Businesses selling co-products of the food industry which are destined as feed materials. This includes the selling of feed materials generated as co-products of the manufacture of food products (eg wheat bran, brewers grains, residues of soya bean and rapeseed from the extraction of oils, carrot tops and potato skins).	Brewers, distillers, biofuel manufacturers, dairies and food manufacturers. NB: this category does not include food manufacturers and supermarkets which sell surplus foodstuffs (eg out-of-date bakery products) into the feed chain – see activity code R7.	<input type="checkbox"/>

2 cont'd – Types of Activities for which Registration is requested		Examples of feed business establishments likely to carry out this activity ¹	Please tick all relevant boxes
R13 (Farms)	Livestock farms (including fish farms) which do not mix feeds or mix feeds without additives.	Livestock farmers. This may include farms making silage or haylage (including those using silage agents). Farmers using silage agents must also comply with the requirements of Annex I of the Regulation. Fish farms may also be included under this activity.	<input type="checkbox"/>
R14 (Farms)	Arable farms growing or selling crops for feed.	Arable farmers such as those growing cereals, wheat, barley or food crops, e.g. potatoes, for use as feed.	<input type="checkbox"/>

3a - Types of Activities for which <u>Approval</u> is requested (See section 3b for one-off approval fee)		Examples of feed business establishments likely to carry out this activity ¹	Please tick all relevant boxes
A1	Manufacture and/or placing on the market of nutritional additives. This includes vitamins, pro-vitamins and chemically defined substances having a similar effect; compounds of trace elements; amino acids, their salts and analogues; and urea and its derivatives, as authorised under Regulation 1831/2003.	Feed additive manufacturers producing nutritional additives and businesses selling (but not manufacturing) such additives.	<input type="checkbox"/> Manufacture <input type="checkbox"/> Selling only
A2	Manufacture and/or placing on the market of zootechnical additives: digestibility enhancers, gut flora stabilisers and substances which favourably affect the environment.	Includes enzymes and micro-organisms. Feed additive manufacturers producing zootechnical additives and businesses selling (but not manufacturing) such additives.	<input type="checkbox"/> Manufacture <input type="checkbox"/> Selling only
A3	Manufacture and/or placing on the market of antioxidant additives with a maximum content in feeds specified in EC Regulation 1831/2003. At the time of writing, this may include propyl gallate, octyl gallate, dodecyl gallate, butylated hydroxyanisole (BHA), butylated hydroxytoluene (BHT), ethoxyquin, as authorised under Regulation 1831/2003.	Feed additive manufacturers producing antioxidant additives with maximum permitted levels and businesses selling (but not manufacturing) such additives.	<input type="checkbox"/> Manufacture <input type="checkbox"/> Selling only
A4	Manufacture and/or placing on the market of colourant additives: carotenoids and xanthophylls. These products are subject to maximum inclusion rates set under Regulation 1831/2003.	Feed additive manufacturers producing carotenoids or xanthophylls (such as canthaxanthin) and businesses selling (but not manufacturing) such additives.	<input type="checkbox"/> Manufacture <input type="checkbox"/> Selling only
A5	Manufacture and/or placing on the market of proteins obtained from micro-organisms belonging to groups of bacteria, yeast, algae and lower fungi. Bioproteins now classified as feed materials, but establishments manufacturing or selling such products continue to require approval.		<input type="checkbox"/> Manufacture <input type="checkbox"/> Selling only
A6	Manufacture and/or placing on the market of co-products of the manufacture of amino acids by fermentation. These substances were previously covered by Directive 82/471/EEC on Certain Products (Bioproteins) which has been revoked. They are now classified as feed materials, but establishments manufacturing or selling such products continue to require approval.		<input type="checkbox"/> Manufacture <input type="checkbox"/> Selling only

3a cont'd- Types of Activities for which Approval is requested		Examples of feed business establishments likely to carry out this activity ¹	Please tick all relevant boxes
A7	Manufacture and/or placing on the market of premixtures containing vitamins A and D. These substances are subject to maximum inclusion rates set under Regulation 1831/2003.	Manufacturers producing premixtures containing vitamins A or D and businesses selling (but not manufacturing) premixtures containing vitamins A or D.	<input type="checkbox"/> Manufacture <input type="checkbox"/> Selling only
A8	Manufacture and/or placing on the market of premixtures containing copper and selenium. These substances are subject to maximum inclusion rates set under Regulation 1831/2003.	Feed additive manufacturers producing copper or selenium additives and businesses selling (but not manufacturing) premixtures containing copper or selenium additives.	<input type="checkbox"/> Manufacture <input type="checkbox"/> Selling only
A11	Manufacturing and placing on the market, for feed use, products derived from vegetable oils and blended fats.	Feed business establishments carrying out any of the activities referred to in point 10 of the Section headed "Facilities and Equipment" in Annex II to Regulation 183/2005 (as amended by Commission Regulation 225/2012) Eg. Businesses carrying out any of the following: processing of crude vegetable oil except those under the scope of EC Regulation 852/2004 (food hygiene), oleochemical manufacture of fatty acids, manufacture of oils/fats from biodiesel and fat blending.	<input type="checkbox"/> Manufacture <input type="checkbox"/> Selling only

¹ It should be noted that the examples given for some activities are not exhaustive.

3b – Initial fee	APPROVAL CATEGORIES ONLY (A1-A8 and A11)	Fee	Please tick
1.	Manufacture only, or manufacture and placing on the market, of substances referred to in Article 10(1)(a) or (b) of Regulation 183/2005 other than those feed additives specified in Regulation 2(3), or of premixtures of such additives.	£212	<input type="checkbox"/>
2.	Placing on the market of substances referred to in Article 10(1)(a) or (b) of Regulation 183/2005 other than those feed additives specified in Regulation 2(3), or of premixtures of such additives.	£106	<input type="checkbox"/>
3.	Any of the activities referred to at Point 10 of the Section headed "Facilities and Equipment" in Annex II to Regulation 183/2005 (as amended by Regulation (EC) 225/2012 for the approval of establishments placing on the market, for feed use, products derived from vegetable oils and blended fats.	£212	<input type="checkbox"/>

Please do **NOT** send any payment now as an invoice from our accounts branch, AccountNI, will follow on receipt of your application form.

Section 4 - Return of Application Form

Please return completed application form to Department of Agriculture and Rural Development, Agri-food Inspection Branch, Room 1018, Dundonald House, Upper Newtownards Road, Dundonald, Belfast, BT4 3SB. Tel: (028) 90765379 Fax: (028) 90524671 E-mail: afib.admin@dardni.gov.uk

Applicants should note: Articles 9 and 19 of Regulation (EC) 1831/2003 on feed hygiene require the collection and collation of the above information from feed business operators and to make details of feed businesses available to persons enquiring about the registration status of such businesses. This information may also be shared with other government agencies responsible for the official control of animal feed. Feed business operators must also inform the relevant enforcement authority of any changes to the name, business name, address, activity or ownership of a feed business establishment under its control, or its closure.
